

Please do not allow Sinclair Broadcasting to force their stations to air an anti-Kerry documentary days before the election.

Sinclair's obligation to serve the public interest will not be honored should the public be subjected to this illegal and unethical form of partisan slant. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. I trust that the FCC will do everything in its power to ensure this. Thank you.
